Glossary of Terms: Digital imaging is the art of making digital photographs, or artwork - through the use of a digital camera or image capture device, or by scanning a print and saving as an image file.

Please note: Many fairs throughout the province offer this contest to their fair visitors/exhibitors, in order to create entries for the OAAS contest. This is encouraged and a great idea, as it helps promote your fair. Just remember, submit only one entry per category to the OAAS competition on behalf of your Society.. Ask your photographers to send their images to your Society. One CD must be prepared by your Society and sent to the OAAS by the deadline.

Submitting images from your fair's photo contest? If it's a print, scan it to a JPEG file. If it's a digital image, simple burn it to a CD with the rest of your society's photo entries.
