

Requirements and Information for OAAS Certified and Apprentice Judges

PURPOSE

The OAAS Judging Program is an OAAS member service and the program's purpose is to provide properly trained and qualified judges for our member agricultural societies in all districts. As such, over the past few years we have been working very hard to standardize the Judges' requirements and the judging school criteria and program in each district across the province. Therefore, for a Certified or Apprentice Judge to be included on our OAAS Judges' List on our website, they must meet the criteria listed below. Districts will be required to follow our guidelines for organizing judging schools to receive funding for those schools and for the schools to be recognized.

- b) Successfully apprentice at three different fairs
- c) Submit “OAAS Apprentice Judge F14.11” form to the OAAS office

NOTE: See below for specific details regarding the requirements.

a) **SUCCESSFULLY COMPLETE JUDGING SCHOOL**

Individual must have successfully completed at least 1 (one) OAAS Judging School **in EACH Category** that they wish to become certified **PRIOR** to apprenticing for that Category i.e. Quilts or Baking or Vegetables or etc.

NOTE: For the list of available Judging School Categories - see “**Appendix G - Judging Program Competition Categories**” <https://ontarioagsocieties.com/wp-content/uploads/2025/03/Appendix-G-Judging-Program-Categories-amended-February-2025.pdf>.

IMPORTANT UPDATE:

To successfully complete a judging school, the attendee must do the following:

- i. Arrive on time. Participant must be present for the instructional portion of the classes.
- ii. Be present and actively participate for the entire class.
- iii. Cell phone, tablet and other electronic devices use limited to taking notes or photos related to the class.

IMPORTANT: A District Judging Contact/ Judging School Convenor or Instructor should not give a participant credit for the judging school unless they are satisfied that the participant successfully completed the judging school.

NOTE: the District Judging Contact/Judging School Convenor should provide the rationale for the decision not to give the participant credit for the judging school to assist the participant to determine what they need to work on.

b) **SUCCESSFULLY APPRENTICE AT THREE FAIRS**

- **After** completing the corresponding judging school, the person must successfully apprentice **in EACH Category** with at least 3 (three) different OAAS Certified Judges at no less than 3 (three) different fairs with hands on experience, helping to make decisions on winners. Never apprentice at your home fair.

NOTE: District 15 - due to distance between fairs and a judge’s home, a Judge must successfully complete **at least 3 apprenticeships** but instead of apprenticing at 3 different fairs, may apprentice at the same fair twice with 2 (two) different judges.

January 1, 2026 – a 2-year trial period is in effect to allow District 12 judges the same exemption as District 15 regarding apprenticing.

➤ **Individual must successfully complete the judging school prior to apprenticing.**

FYI - The requirement to successfully complete a judging school **prior** to apprenticing is to ensure that the apprentice is already familiar with the OAAS Judging Standards, and has some experience judging the Category. Agricultural societies have engaged judges to judge the entries in their competitions. The OAAS greatly appreciates that societies have agreed to

allow apprentices to accompany these judges and we cannot jeopardize this goodwill by taking a judge's focus from the job they were engaged to do when an apprentice does not have the basic training/knowledge that is provided at a judging school.

NOTE: The only exception that may be made for apprenticing prior to successfully completing the judging school is if the following 3 criteria have been met: 1) person is already an OAAS Certified Judge, 2) the person has reviewed the OAAS Judging Standards for that Category and 3) the OAAS office has approved the online request for an exception.

The **“OAAS Apprenticeship Exemption F14.13”** form must be submitted a minimum of 2 weeks prior to the date of the apprenticeship – no allowances for late forms. A maximum of 1 apprenticeship prior to successfully completing the Judging School for that Category would be allowed.

The form is located on the OAAS website on the following page

<https://ontarioagsocieties.com/judging-requirements-and-information/>

➤ **Availability of OAAS Certified Judges**

NOTE: If there are no OAAS Certified Judges available for specific Categories e.g. field crops, maple syrup, honey, then the apprentice can apply for an exemption to apprentice with a qualified non-OAAS judge providing 1) the Apprentice judge submitted the **“OAAS Judge Apprenticeship Exemption F14.13”** form and 2) the OAAS office has approved the online request for an exception.

NEW: The **“OAAS Judge Apprenticeship Exemption F14.13”** form must be submitted a minimum of 2 weeks prior to the date of the apprenticeship – no allowances for late forms. A maximum of 1 apprenticeship with a qualified non-OAAS Certified Judge per Category would be allowed. The form is located on the OAAS website on the following page

<https://ontarioagsocieties.com/judging-requirements-and-information/>

NEW: Guidelines/suggestions - obtaining Apprenticeships

- Apprentices should endeavour to network with certified judges at judging schools to let them know you are interested in apprenticing and the Categories you are interested in.
- It is the apprentice's responsibility to contact judges to set up apprenticeships. Judges may contact apprentices.
- Apprentices **SHALL NOT** contact agricultural societies to set up an apprenticeship as it is up to each judge if they wish to accept apprentices and/or who they apprentice with.
- An apprentice may contact agricultural societies to ask for the judges' names for specific categories so the **apprentice can contact the judge regarding apprenticing**.
- If a judge is planning on working with an apprentice judge, the judge should confirm and/or ask permission of the agricultural society prior to the fair.

NEW: A judge should only accept one apprentice per Category at a given fair.

NEW: A judge should have a minimum experience of judging at two fairs as a certified judge in a Category prior to accepting an apprentice for that Category.

IMPORTANT UPDATES:

To successfully complete each fair apprenticeship, the apprentice must do the following:

- Be present and involved for the entire time that they are actively engaged with the judge while they are judging that Category
- Follow the same expectations that a judge must follow when judging those Categories, including but not limited to:
 - Arrive on time and remain until the entire judging process for all the classes for the Category/Categories are completed.
 - Prepare and carry a fully stocked Judges' Kit – the Kit contents list is in the “OAAS *Judging Standards Handbook*” and on the OAAS website on the following page <https://ontarioagsocieties.com/judging-requirements-and-information/>
 - Must know or be willing to become familiar with the techniques used to produce the articles to be judged.
 - Follow the expectations/requirements for attire, cell phone or electronic device usage, smoking, vaping, eating, etc. in the “***Judging Etiquette and Responsibilities of Judge at the Fair***” section in Homecraft Judging Standards Handbook or on the OAAS website on the following page <https://ontarioagsocieties.com/judging-requirements-and-information/> .
 - Have the judge sign the “**OAAS Apprentice Judge**” form upon successful completion of the apprenticeship.

NOTE: an apprentice judge may apprentice with the same judge for more than one Category on the same day with the expectation that the apprentice must fulfill all the requirements of **each** apprenticeship.

IMPORTANT: A Judge should not sign the “OAAS Apprentice Judge F14.11” form unless they are satisfied that the Apprentice Judge has successfully met all the requirements and successfully completed the apprenticeship.

If an Apprentice did not meet all the requirements, the Judge shall:

- **NEW** - Enter their reasons for non-completion in the “**Certified Judge’s Signature/ Comments**” field.
- provide the rationale to the apprentice judge to assist them to determine what they need to work on.

c) SUBMIT “OAAS APPRENTICE JUDGE FORM F14.11”

The apprentice must complete one “**OAAS Apprentice Judge F14.11**” form for **EACH** Category and submit to the OAAS by either:

- 1) email – oaas@oaasfairs.com
- 2) mail – OAAS, 1911 Foxboro-Stirling Rd, Stirling ON K0K 3E0

DO NOT enter multiple Categories on a form.

NOTE: If a scanned copy or photo of the form is submitted, it must be clear and legible!

IMPORTANT: Do not submit the completed form unless at least 1 judging school and at least 3 apprenticeships for the specific Category are listed on the form.

EFFECTIVE IMMEDIATELY: the “**OAAS Apprentice Judge F14.11**” form is to be sent to the OAAS, **and not** the district.

The OAAS reserves the right to accept or refuse any applications based on the completeness of the submitted “**OAAS Apprentice Judge F14.11**” form, and/or the applicant’s demonstrated judging ability and knowledge of the Categories and the OAAS Judging Program. The OAAS may consult the Judging Program Advisory Committee, the judges the applicant has apprenticed with and the district judging contact in making their decision.

d) ADDITIONAL INFORMATION - UPDATED

- Apprentice judges should endeavour to complete their apprenticeship within 4 years of applying to become an apprentice judge **for a specific Category**.
- Only apprenticeships completed within 4 years of the related judging school can be counted towards the apprenticeship.
